Make: Chevrolet Gmsv | Model: Corvette & Silverado | Australian Market Years: 2020-Present
Vehicle Type: Mid-Engine Supercar / Full-Size Pickup Truck | Segment: High Performance Supercar / Full-Si
Assembly Plants (AU): Clayton, Victoria (Walkinshaw Automotive Group RHD Remanufacturing, 2020-Present)

1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The modern pillars of General Motors in Australia under GM Specialty Vehicles (GMSV). The eight
h-generation C8 Corvette arrived as the world's first factory right-hand drive Corvette directl
y from the Bowling Green assembly line, offering mid-engine supercar performance and the spine-
tingling 500kW flat-plane crank Z06. Alongside it, the Chevrolet Silverado 1500 and 2500HD are
remanufactured to RHD in Melbourne by Walkinshaw Automotive Group, delivering up to 1,322Nm of
Duramax V8 torque and heavy towing capability.

Established following the retirement of Holden in 2020. The C8 Corvette created feverish Austra
lian demand with multi-year waiting lists. Concurrently, Walkinshaw Automotive Group remanufact
ures hundreds of Silverado 1500 and 2500HD pickups monthly at its dedicated Clayton facility in
Melbourne.

SERIES / GENERATION: C8 Corvette (Chevrolet Corvette C8 (Stingray & Z06)) [2021-Present]

Body Styles: 2-door coupe (removable targa roof), 2-door retractable hardtop convertible | ANCAP: Unrated
First factory right-hand drive Corvette in history. Mid-engine aluminium structure, Stingray (6
.2L LT2 naturally aspirated V8 369kW 637Nm, 8-speed Tremec DCT), and the ferocious Z06 powered
by the 5.5L LT6 flat-plane crank naturally aspirated V8 producing 500kW at 8,400rpm.

Engines Offered in Australia:

- LT2: 6.2L (6162cc) V88 (Naturally Aspirated, Petrol) | 369 kW / 637 Nm
- LT6: 5.5L (5463cc) V88 (Naturally Aspirated, Petrol) | 500 kW / 623 Nm

Australian Badges / Trims:

- C8 Stingray 2LT / 3LT: Drivetrain=RWD, Trans=8-speed Tremec dual-clutch, AUD $144990-$190000, Fuel=12
- C8 Z06: Drivetrain=RWD, Trans=8-speed Tremec dual-clutch, AUD $336000-$395000, Fuel=15.1L/100km

Factory Configurations:

* C8 Stingray 2LT / 3LT | 2-door coupe (removable targa roof) | LT2 | 8-speed Tremec dual-clutch | RWD
* C8 Z06 | 2-door coupe (removable targa roof) | LT6 | 8-speed Tremec dual-clutch | RWD | 500kW/623Nm

SERIES / GENERATION: Silverado 1500 (Chevrolet Silverado 1500 (LTZ & ZR2)) [2020-Present]

Body Styles: 4-door Crew Cab Pickup | ANCAP: Unrated (Remanufactured)
Full-size American pickup remanufactured from LHD to RHD in Melbourne by Walkinshaw Automotive
Group. Powered by the 6.2L EcoTec3 V8 (313kW/624Nm) with 10-speed auto, 4,500kg braked towing,
luxury LTZ Premium, and hardcore off-road ZR2 with Multimatic DSSV spool-valve dampers.

Engines Offered in Australia:

- L87: 6.2L (6162cc) V88 (Naturally Aspirated, Petrol) | 313 kW / 624 Nm

Australian Badges / Trims:

- Silverado 1500 LTZ Premium: Drivetrain=4WD, Trans=10-speed automatic, AUD $106990-$130500, Fuel=12.8L
- Silverado 1500 ZR2: Drivetrain=4WD, Trans=10-speed automatic, AUD $124000-$138000, Fuel=13.5L/100km

Factory Configurations:

* Silverado 1500 LTZ Premium | 4-door Crew Cab Pickup | L87 | 10-speed automatic | 4WD | 313kW/624Nm
* Silverado 1500 ZR2 | 4-door Crew Cab Pickup | L87 | 10-speed automatic | 4WD | 313kW/624Nm

Chevrolet Gmsv Corvette & Silverado (Australia) Specification & Service Reference - Pag

SERIES / GENERATION: Silverado 2500HD (Chevrolet Silverado 2500HD Duramax) [2021-Present]
