Ford Ford Capri (Australia) Specification & Service Reference - Page 1/1

AUSTRALIAN AUTOMOTIVE ARCHIVE - TECHNICAL & SPECIFICATION DOSSIER

Make: Ford | Model: Ford Capri | Australian Market Years: 1969-1994
Vehicle Type: 2-door Sports Coupe / 2-door Roadster/Convertible (2+2) | Segment: Sports Car | Locally Bui
Assembly Plants (AU): Homebush, New South Wales (Mk1 coupe, 1969-1972), Broadmeadows / Campbellfield, Vic

1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The Ford Capri represents two bold chapters of Australian automotive innovation. In May 1969, F
ord Australia began assembling the sleek Mk1 Capri sports coupe at Homebush, NSW, offering the
1600cc Kent and the potent 3.0-litre 'Essex' V6 in the revered Capri GT 3000 (101 kW / 136 bhp)
, instantly creating an Australian street and track favorite. In 1989, Ford Australia embarked
on Project SA30: designing and manufacturing a dedicated front-wheel-drive 2+2 roadster convert
ible in Campbellfield, Victoria. Styled by Ghia in Turin and utilizing Mazda 323 mechanicals, t
he Australian-built Capri (SA, SB, SC, SE) was exported in huge numbers to North America as the
Mercury Capri. It produced the blistering turbocharged Capri XR2 and the rare Australian Tickf
ord-tuned Capri Clubsprint Turbo.

The Australian-built SA-SE convertible was a landmark manufacturing achievement for Ford Austra
lia, generating vital export income ($1 billion+) with over 66,000 built. The limited-productio
n Capri Clubsprint by Tickford Vehicle Engineering (TVE) featured aggressive front air dams, hi
gh-flow turbocharger boosting to 105 kW, Momo steering wheel, and bespoke Australian-tuned spor
ts suspension.

SERIES / GENERATION: Mk1 (Mk1 Capri Coupe) [1969-1972]

Body Styles: 2-door fastback coupe | ANCAP: None
Assembled at Homebush, NSW. Fastback muscle styling, 1600 GT four-cylinder and the thunderous 3
.0L Essex V6 GT 3000.

Engines Offered in Australia:

- Essex-3.0-V6: 3.0L (2994cc) V6 (Naturally Aspirated, Petrol) | 101.0 kW / 247.0 Nm

Australian Badges / Trims:

- GT 3000 (V6): Drivetrain=RWD, Trans=4-speed manual floor, 3-speed Borg-Warner automatic, AUD $3290-$3

Factory Configurations:

* GT 3000 (V6) | Coupe | Essex-3.0-V6 | 4-speed manual floor | RWD | 101.0kW/247.0Nm

SERIES / GENERATION: SA-SE-Convertible (SA / SB / SC / SE Capri Convertible) [1989-1994]

Body Styles: 2-door convertible (2+2) | ANCAP: None
Australian-designed and manufactured front-wheel-drive 2+2 convertible in Campbellfield, Victor
ia. Exported globally. Searing 1.6L Turbo XR2 and TVE Clubsprint.

Engines Offered in Australia:

- Mazda-B6-1.6L: 1.6L (1598cc) Inline4 (Naturally Aspirated, Petrol) | 77.0 kW / 137.0 Nm
- Mazda-B6T-1.6L-Turbo: 1.6L (1598cc) Inline4 (Turbocharged, Petrol) | 100.0 kW / 184.0 Nm

Australian Badges / Trims:

- XR2 Turbo: Drivetrain=FWD, Trans=5-speed manual, AUD $25990-$29990, Fuel=7.9L/100km
- Clubsprint Turbo: Drivetrain=FWD, Trans=5-speed manual, AUD $34990-$37990, Fuel=8.2L/100km

Factory Configurations:

* XR2 Turbo | Convertible | Mazda-B6T-1.6L-Turbo | 5-speed manual | FWD | 100.0kW/184.0Nm
* Clubsprint Turbo | Convertible | Mazda-B6T-1.6L-Turbo | 5-speed manual | FWD | 105.0kW/190.0Nm
