Ford Ford Everest (Australia) Specification & Service Reference - Page 1/1

AUSTRALIAN AUTOMOTIVE ARCHIVE - TECHNICAL & SPECIFICATION DOSSIER

Make: Ford | Model: Ford Everest | Australian Market Years: 2015-2026
Vehicle Type: Body-on-Frame 7-Seat 4WD SUV | Segment: Large SUV / 4WD | Locally Built: No
Assembly Plants (AU): Imported (Rayong, Thailand - Engineered at Campbellfield & You Yangs Proving Ground

1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

While built at AutoAlliance Thailand in Rayong, the Ford Everest was conceived, designed, engin
eered, and durability-tested in Australia by Ford’s 2,000-strong global product development hub
at Campbellfield and the You Yangs Proving Ground. Developed concurrently with the Ranger ute,
the Everest transformed the T6 ladder-frame architecture into a refined 7-seat family wagon fe
aturing coil-sprung Watt’s linkage rear suspension, electronic terrain management, and 3.1-tonn
e towing. The 2015 UA series launched with the rugged 3.2L 5-cylinder Duratorq turbo-diesel and
later 2.0L Bi-Turbo with 10-speed auto. The 2022+ UB Next-Gen Everest elevated the platform in
to an opulent, class-leading 4WD with standard 3.5-tonne towing and a flagship 3.0L V6 Turbo Di
esel producing 184 kW and 600 Nm.

The Everest effectively succeeded the Australian-built Ford Territory as Ford’s family SUV cham
pion, adding genuine outback off-road capability (800mm water wading) that the car-based Territ
ory could never match. Australian suspension engineers spent thousands of hours tuning the Watt
’s linkage rear axle on Australian gravel, dirt, and corrugations to achieve an unprecedented b
lend of highway ride isolation and cornering grip.

SERIES / GENERATION: UA (UA Everest) [2015-2022]

Body Styles: 5-door 7-seat SUV | ANCAP: 5
First-generation Australian-engineered Everest. Ladder-frame chassis with coil-sprung Watt’s li
nkage rear suspension, 3.2L 5-cyl diesel, and later 2.0L Bi-Turbo 10-speed.

Engines Offered in Australia:

- Duratorq-3.2-TDCi: 3.2L (3198cc) Inline5 (Turbocharged, Diesel) | 143.0 kW / 470.0 Nm
- EcoBlue-2.0-BiTurbo: 2.0L (1996cc) Inline4 (Twin-Turbocharged, Diesel) | 157.0 kW / 500.0 Nm

Australian Badges / Trims:

- Titanium 4WD: Drivetrain=4WD, Trans=6-speed automatic 6R80, 10-speed automatic 10R80, AUD $72990-$769

Factory Configurations:

* Titanium 4WD | 7-seat SUV | EcoBlue-2.0-BiTurbo | 10-speed automatic 10R80 | 4WD | 157.0kW/500.0Nm

SERIES / GENERATION: UB-Next-Gen (UB Next-Gen Everest) [2022-2026]

Body Styles: 5-door 7-seat SUV | ANCAP: 5
Next-Gen Australian engineering benchmark. 50mm wider track, 3.5-tonne towing, 12-inch portrait
touchscreen, and the formidable 3.0L V6 Turbo Diesel.

Engines Offered in Australia:

- PowerStroke-3.0-V6: 3.0L (2993cc) V6 (Turbocharged, Diesel) | 184.0 kW / 600.0 Nm

Australian Badges / Trims:

- Platinum V6 4WD: Drivetrain=4WD, Trans=10-speed automatic 10R80, AUD $77690-$81140, Fuel=8.5L/100km

Factory Configurations:

* Platinum V6 4WD | 7-seat SUV | PowerStroke-3.0-V6 | 10-speed automatic 10R80 | 4WD | 184.0kW/600.0Nm
