Fpv FPV GT & F6 (Australia) Specification & Service Reference - Page 1/2

AUSTRALIAN AUTOMOTIVE ARCHIVE - TECHNICAL & SPECIFICATION DOSSIER

Make: Fpv | Model: FPV GT & F6 | Australian Market Years: 2003-2014

Vehicle Type: Sedan | Segment: High-Performance Muscle Car | Locally Built: Yes

Assembly Plants (AU): Campbellfield, Victoria

1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The FPV GT and F6 were Ford Performance Vehicles' crowning high-performance icons. Developed in Campbellfield, Victoria by Ford Australia and Prodrive, this duo formed the greatest domestic performance confrontation in Australian history against HSV. The GT revived Ford's iconic muscl e heritage with the quad-cam 32-valve Boss 290 and Boss 315 V8s, before adopting the supercharg ed 5.0L 'Miami' V8 and culminating in the 2014 GT-F 351 (delivering over 400kW on overboost). C oncurrently, the F6 Typhoon transformed Australian performance perceptions with its devastating turbocharged Barra 4.0-litre straight-six, producing up to 565Nm of flat-line torque and super car acceleration.

The BA GT launched in March 2003 with the Boss 290?an engine created specifically for Australia by marrying an American 5.4L cast-iron block with quad-cam 32-valve heads from the Mustang Cob ra R. In October 2004, FPV shocked the Australian market with the F6 Typhoon, packing an enormo us front-mount intercooler and 270kW/550Nm of Barra Turbo grunt that out-torqued contemporary V 8s. In 2010, FPV engineered the 'Miami' supercharged 5.0L V8 in Melbourne at a cost of $40 mill ion, featuring an Australian Harrop supercharger with inverted manifold and twin water-to-air i ntercoolers. The FPV journey signed off in 2014 with 500 numbered GT-F 351 sedans.

SERIES / GENERATION: BA-BF (BA & BF Series (Boss 290 & F6 Typhoon)) [2003-2008]

Body Styles: 4-door performance sedan | ANCAP: 4 Stars

Inaugural FPV generation. Boss 290 5.4L quad-cam 32V V8 (290kW/520Nm), Tremec T56 manual and ZF 6-speed auto; introduction of the legendary F6 Typhoon (270kW/550Nm).

Engines Offered in Australia:

- Boss-290: 5.4L (5408cc) V8 (Naturally Aspirated, Petrol (98 RON)) | 290.0 kW / 520.0 Nm
- Barra-270T-F6: 4.0L (3984cc) Inline6 (Turbocharged, Petrol (98 RON)) | 270.0 kW / 550.0 Nm

Australian Badges / Trims:

- GT / GT-P: Drivetrain=RWD, Trans=5-speed/6-speed manual (Tremec T56), 4-speed auto / ZF 6-speed auto,
- F6 Typhoon: Drivetrain=RWD, Trans=6-speed manual (T56), ZF 6-speed automatic, AUD $58990-$65990, Fuel

Factory Configurations:

* F6 Typhoon | 4-door sedan | Barra-270T-F6 | ZF 6-speed automatic | RWD | 270.0kW/550.0Nm

SERIES / GENERATION: FG-II (FG Series II & GT-F 351 (Supercharged Miami V8 & F6 310)) [2010-2014]

Body Styles: 4-door performance sedan | ANCAP: 5 Stars

Peak of FPV engineering. Australian-developed 5.0L Supercharged 'Miami' V8 (335kW in GT; 351kW / 400kW+ overboost in GT-F 351), alongside the F6 310 (310kW/565Nm) with Garrett GT3576R turbo.

Engines Offered in Australia:

- Miami-Supercharged-335: 5.0L (4951cc) V8 (Supercharged, Petrol (98 RON)) | 335.0 kW / 570.0 Nm
- Miami-GT-F-351: 5.0L (4951cc) V8 (Supercharged, Petrol (98 RON)) | 351.0 kW / 570.0 Nm
- Barra-310T-F6: 4.0L (3984cc) Inline6 (Turbocharged, Petrol (98 RON)) | 310.0 kW / 565.0 Nm

Australian Badges / Trims:

- GT-F 351: Drivetrain=RWD, Trans=6-speed manual (Tremec TR-6060), ZF 6-speed automatic, AUD $77990-$82

- F6: Drivetrain=RWD, Trans=6-speed manual (TR-6060), ZF 6-speed automatic (6HP26), AUD $64890-$68990,

Factory Configurations:

* GT-F 351 | 4-door performance sedan | Miami-GT-F-351 | ZF 6-speed automatic | RWD | 351.0kW/570.0Nm
* F6 | 4-door sedan | Barra-310T-F6 | ZF 6-speed automatic | RWD | 310.0kW/565.0Nm
