Holden Holden Colorado (Australia) Specification & Service Reference - Page 1/1

AUSTRALIAN AUTOMOTIVE ARCHIVE - TECHNICAL & SPECIFICATION DOSSIER

Make: Holden | Model: Holden Colorado | Australian Market Years: 2008-2020
Vehicle Type: Ute / Cab Chassis | Segment: Light Commercial / Mid-size Pick-up | Locally Built: No
Assembly Plants (AU):

1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The Holden Colorado was Holden’s rugged 4x4 and 4x2 dual-cab, space-cab, and single-cab workhor
se pick-up, replacing the legendary Rodeo in 2008. Across the RC and RG generations, the Colora
do delivered class-leading 3.5-tonne braked towing capacity and up to 500Nm of torque from its
Duramax 2.8L turbo-diesel engine. In 2016, Holden’s engineering team at Lang Lang conducted a m
assive Australian-specific chassis, steering, and powertrain calibration that transformed refin
ement and dynamics.

The RC generation was built in Rayong, Thailand alongside the Isuzu D-Max, powered by the bulle
tproof 3.0L Isuzu 4JJ1-TC turbo-diesel and Holden’s Australian-built 3.6L Alloytec V6. The RG s
eries (launched in 2012 on GM’s global mid-size truck platform) introduced the potent 2.8L Dura
max diesel. The 2016 RG Series II introduced a Centrifugal Pendulum Absorber (CPA) torque conve
rter?a first in the dual-cab ute segment?damping engine vibrations and enabling earlier torque
converter lock-up. Range topped by the Z71 and HSV SportsCat.

SERIES / GENERATION: RG (Colorado RG Series) [2012-2020]

Body Styles: Single Cab, Space Cab, Crew Cab | ANCAP: 5 Stars
Global GM ladder-frame platform with 2.8L Duramax turbo-diesel delivering 500Nm and 3,500kg bra
ked towing. Comprehensive Australian suspension and steering redesign in 2016.

Engines Offered in Australia:

- Duramax-2.8-LWN: 2.8L (2776cc) Inline4 (Turbocharged, Diesel) | 147.0 kW / 500.0 Nm

Australian Badges / Trims:

- LTZ: Drivetrain=4WD, Trans=6-speed manual, 6-speed automatic, AUD $48990-$54990, Fuel=8.7L/100km
- Z71: Drivetrain=4WD, Trans=6-speed automatic, AUD $54990-$59990, Fuel=8.7L/100km

Factory Configurations:

* Z71 | Crew Cab | Duramax-2.8-LWN | 6-speed automatic | 4WD | 147.0kW/500.0Nm
