Holden Holden Torana (Australia) Specification & Service Reference - Page 1/2

AUSTRALIAN AUTOMOTIVE ARCHIVE - TECHNICAL & SPECIFICATION DOSSIER

Make: Holden | Model: Holden Torana | Australian Market Years: 1967-1980
Vehicle Type: Sedan / Coupe / Hatchback | Segment: Compact / Mid-size | Locally Built: Yes
Assembly Plants (AU): Fishermans Bend, Victoria, Dandenong, Victoria, Elizabeth, South Australia, Pagewoo

1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The Holden Torana (derived from an Aboriginal word meaning 'to fly') is one of Australian motor sport's greatest legends. Starting in 1967 as a modified Vauxhall Viva four-cylinder compact (H B), the Torana evolved into a giant-killing six-cylinder weapon in the LC and LJ series, highli ghted by Peter Brock's rainy 1972 Bathurst 500 victory in the triple-carburettor LJ GTR XU-1. T he LH and LX generations made Australian automotive history as the only car platform engineered to accommodate 4-, 6-, and 8-cylinder engines, culminating in the Bathurst-dominating SL/R 500 0 and A9X option pack.

In 1969, Holden chief engineer George Roberts and designer Leo Pruneau stretched the LC Torana' s nose by four inches to package the full-size Holden Red six-cylinder engine into a lightweigh t compact body, creating the GTR and Harry Firth's GTR XU-1. In 1974, the all-Australian LH ser ies debuted, offering exceptional interior packaging and the thunderous 5.0L SL/R 5000 and L34 homologation packages. In 1976, the LX introduced the stunning three-door Hatchback body style and the immortal A9X option pack (rear disc brakes, Salisbury axle, rear-facing bonnet scoop), which Peter Brock and Jim Richards famously piloted to a crushing six-lap victory at the 1979 B athurst 1000, setting a lap record on the final lap.

SERIES / GENERATION: LC-LJ (LC & LJ Series) [1969-1974]

Body Styles: 2-door coupe, 4-door sedan | ANCAP: None
Stretched nose housing the Red six-cylinder engine. Birth of the legendary GTR and Bathurst-win ning GTR XU-1 with triple Stromberg carburettors.

Engines Offered in Australia:

- Red-138: 2.25L (2262cc) Inline6 (Naturally Aspirated, Petrol) | 71.0 kW / 182.0 Nm
- Red-202-XU1: 3.3L (3310cc) Inline6 (Naturally Aspirated, Petrol (Super)) | 142.0 kW / 270.0 Nm

Australian Badges / Trims:

- GTR: Drivetrain=RWD, Trans=4-speed manual (Aussie 4-speed), AUD $2778-$3300, Fuel=11.5L/100km
- GTR XU-1: Drivetrain=RWD, Trans=4-speed close-ratio manual (M21), AUD $3105-$3800, Fuel=13.5L/100km

Factory Configurations:

* GTR XU-1 | 2-door coupe | Red-202-XU1 | 4-speed close-ratio manual (M21) | RWD | 142.0kW/270.0Nm

SERIES / GENERATION: LH-LX (LH & LX Series) [1974-1978]

Body Styles: 4-door sedan, 3-door hatchback | ANCAP: None
Wider all-Australian body accommodating 4-, 6-, and 8-cylinder engines. Home to the SL/R 5000, L34, 3-door Hatchback, and the immortal Bathurst-dominating A9X option pack.

Engines Offered in Australia:

- Holden-308-SLR5000: 5.0L (5044cc) V8 (Naturally Aspirated, Petrol (Super)) | 179.0 kW / 427.0 Nm
- Holden-308-A9X: 5.0L (5044cc) V8 (Naturally Aspirated, Petrol (Super)) | 186.0 kW / 434.0 Nm

Australian Badges / Trims:

- SL/R 5000: Drivetrain=RWD, Trans=4-speed manual (M21), AUD $4410-$5200, Fuel=15.0L/100km
- SS Hatchback (A9X Option): Drivetrain=RWD, Trans=4-speed manual (M21), Super T10, AUD $7890-$8900, Fu
