1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The Hyundai i30 is the vehicle that transformed Australian perceptions of the brand from budget -oriented to class-leading. Winner of the 2007 Wheels Car of the Year, it has been an Australia n small car benchmark and gave rise to the sensational Albert Biermann-developed i30 N hot hatc h.

First launched in 2007 with standard multi-link rear suspension and punchy diesel options, the i30 shocked the establishment by beating European and Japanese rivals to win Wheels COTY. From 2011 onward, Hyundai Australia tailored spring rates, sway bars, and damper valving specificall y for Australia's corrugated country roads. In 2018, the i30 N arrived, instantly cementing its elf as one of the finest front-wheel-drive performance hatchbacks ever sold in Australia.
