Vehicle Type: 4WD / Off-Road Utility | Segment: Heavy Off-Road 4WD | Locally Built: Yes
Assembly Plants (AU): Pressed Metal Corporation, Enfield NSW (1956-1982), JRA Moorebank NSW (1982-1994)

1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The immortal off-road master of the Australian bush and Australian Defence Force. Built and ada
pted locally with unique Australian military specifications (Project Perentie 4x4 and 6x6 with
Isuzu 4BD1 3.9L engines), live-axle County 110s, and re-imagined for the 21st century as the ul
tra-capable, luxury L663 Defender.

Originally imported for the Snowy Mountains Scheme in 1949. Local assembly by Pressed Metal Cor
p and JRA in Sydney produced Australian-exclusive variants, notably the Australian Army Perenti
e 4x4 and 6x6. Civil models adopted the 300Tdi, 5-cylinder Td5, and Ford Puma 2.4/2.2 TDCi unti
l original production concluded in 2016. The all-new aluminium D7x monocoque L663 launched in 2
020.

SERIES / GENERATION: Perentie (Australian Army Perentie 4x4 & 6x6) [1987-2013]

Body Styles: 4x4 Soft Top, 4x4 Survey, 6x6 Long Wheelbase, 6x6 Ambulance, 6x6 Long Range Patrol | ANCAP:
Purpose-designed by Jaguar Rover Australia (JRA) at Moorebank, NSW for the Australian Army. Fea
tured a hot-dip galvanised chassis, heavy-duty suspension, and bulletproof Isuzu 4BD1 3.9-litre
