1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

With 12 victories in the grueling Dakar Rally, the Mitsubishi Pajero is one of the world’s most successful four-wheel drives. In Australia, it defined the family 4WD wagon for nearly four de cades across four generations.

First imported in 1983, the Pajero transformed four-wheel driving from farm machinery to comfor table family transport. The NH generation introduced Super Select 4WD, allowing full-time AWD o n dry bitumen and locking 4WD on dirt. The NM series brought a revolutionary monocoque chassis with independent suspension. After 38 years and over 175,000 sales in Australia, production con cluded in 2021 with the Pajero Final Edition.
