Make: Mitsubishi | Model: Starion & Cordia Turbo | Australian Market Years: 1982-1989
Vehicle Type: Sports Coupe / Liftback | Segment: Sports Coupe | Locally Built: No
Assembly Plants (AU):

1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The Mitsubishi Starion Turbo and Cordia GSR Turbo were the trailblazers of Japanese factory tur bocharging in 1980s Australia. From the front-wheel drive Cordia GSR with its mind-bending 'Sup er Shift' 4x2 twin-stick dual-range transmission to the widebody, rear-wheel drive Starion Turb o that battled Australian Touring Cars in Group E and Group A, these coupes created Australia's turbo street-racing legend.

Released in 1982 (Starion) and 1983 (Cordia), Mitsubishi brought boost to Australian showrooms years before it became mainstream. The lightweight Cordia GSR Turbo with digital instrumentatio n became a 1980s street-racer folklore hero, while the Starion was famously campaigned by rally ace Colin Bond in the Australian Production Car Championship and Bathurst 1000 with factory Ra lliart backing.

SERIES / GENERATION: AA/AB/AC (Cordia GSR Turbo) [1983-1989]

Body Styles: 3-door Hatchback Coupe | ANCAP: Untested
