1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The Datsun and Nissan Z-Car is one of the most celebrated sports car dynasties in Australian au
tomotive history. From the breathtaking 1970 Datsun 240Z that conquered Jaguar E-Types and MGs
on price and performance to the twin-turbo technology tour-de-force 300ZX, the pure rear-drive
naturally aspirated 350Z and 370Z, and the modern 298kW twin-turbo RZ34 Z Coupe, the Z represen
ts affordable, exhilarating grand touring sports car excellence.

First imported in late 1970 by Datsun Australia, the 240Z revolutionized the Australian sports
car landscape. The Z32 300ZX Twin Turbo of the 1990s introduced Super HICAS four-wheel steering
and claimed supercar benchmarks. The 2003 350Z Track brought Brembo brakes and carbon drivesha
fts to the enthusiast market. In 2022, the RZ34 Z returned with retro styling cues honouring th
e 240Z and 300ZX with 298kW twin-turbo V6 power.
