1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The commercial lifeblood of modern Porsche. When introduced in 2003, the Cayenne proved that a true Porsche could haul five adults and conquer the Simpson Desert, while setting racetrack lap records. The smaller Macan arrived in 2014, quickly becoming Porsche’s best-selling model in A ustralia, and leading Porsche’s electric transformation with the Macan EV.

The Cayenne arrived in Australia in mid-2003 to initial skepticism that rapidly dissolved as bu yers experienced its astonishing handling and 3,500kg towing prowess. In 2014, the Macan debute d, quickly capturing huge waiting lists in Sydney and Melbourne.
