Vehicle Type: Full-size Pickup Truck | Segment: Full-size American Ute | Locally Built: Yes
Assembly Plants (AU): Walkinshaw Automotive Group, Clayton, Victoria (2018-Present)

1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The full-size pickup that rewrote the Australian light commercial market. Re-engineered and rem
anufactured from left-hand drive to right-hand drive by Walkinshaw Automotive in Clayton, Victo
ria. Delivers 4.5-tonne towing, legendary 5.7L HEMI V8 rumble, expansive crew-cab luxury, and t
he 523kW supercharged TRX halo.

Launched in 2018 by RAM Trucks Australia / American Special Vehicles. Over 25,000 trucks remanu
factured at Clayton, Victoria under full Australian Design Rule (ADR) compliance. Walkinshaw de
signed over 400 bespoke RHD components including the instrument panel, HVAC unit, steering gear
, and wiring looms. Conquered the heavy towing market for large caravans, horse floats, and off
shore fishing boats.
