1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The electric vehicle that opened the floodgates for mass EV adoption in Australia. Built in Sha
nghai for the Australian market, the Model 3 transformed automotive sales by outselling traditi
onal petrol luxury sedans like the BMW 3 Series and Mercedes C-Class.

First delivered in Australia in August 2019. Rapidly captured top spots in state and federal ve
hicle sales charts, aided by State government electric vehicle rebates and federal FBT exemptio
ns. The 'Highland' facelift arrived in late 2023, introducing superior sound isolation, ventila
ted seats, and revised suspension tuning.
