1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The Toyota 86 and GR86 re-energized accessible rear-wheel-drive sports motoring in Australia. D
eveloped jointly with Subaru (who built the cars at the Gunma Main Plant), the 86 combined a lo
w center of gravity boxer engine, lightweight chassis, razor-sharp steering, and rear-drive dyn
amics at an accessible price point.

Launched in June 2012 with an audacious starting price of $29,990 AUD for the GT manual, the 86
created an immediate showroom storm and lengthy waiting lists across Australia. The GR86 arriv
ed in September 2022 under the Gazoo Racing banner with a punchier 2.4-litre engine fixing the
predecessor’s mid-range torque dip.
