1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The Toyota Camry was the cornerstone of Australian automotive manufacturing from 1987 to 2017. Built in Port Melbourne and Altona, it was Australia’s favourite mid-size family and fleet seda n for over three decades.

Camry manufacturing commenced at Port Melbourne in 1987 (SV21) and moved to Altona in 1994. Und er the Button Plan, it was badged as the Holden Apollo. In 2010, Altona launched Australia’s ve ry first locally produced hybrid car, the Camry Hybrid (AHV40). Altona was Toyota’s global expo rt hub for the Middle East, shipping hundreds of thousands of sedans. The final locally made Ca mry rolled off the Altona line on October 3, 2017.
