1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The Toyota HiAce is the unquestioned titan of Australian commercial vans and passenger shuttle transport. Across more than half a century, its cab-over and semi-bonnet configurations have ke pt Australian tradespeople, couriers, airport shuttles, and tourism fleets moving with renowned reliability and outstanding resale value.

First imported in 1971, the HiAce captured majority market share in the medium commercial van c ategory for decades. While early H10-H200 generations used a cab-over-engine layout maximizing cargo length, the sixth-generation H300 moved to a semi-bonnet design to achieve a 5-star ANCAP safety rating while introducing the 130kW/450Nm 2.8GD turbo diesel and V6 power.
