1. MODEL OVERVIEW & AUSTRALIAN MARKET NOTES

The Toyota Kluger (sold globally as the Highlander) is Australia’s quintessential car-based 7-s
eat family crossover SUV. Blending passenger-car ride comfort with cavernous interior room, pow
erful V6 and hybrid powertrains, and all-weather AWD assurance, it became a cornerstone of Aust
ralian suburban family motoring.

Introduced in October 2003 to meet exploding demand for car-like unibody SUVs, the Kluger compl
emented the body-on-frame Prado. While early generations were built in Kyushu, Japan, the XU50
generation was sourced from Toyota Motor Manufacturing Indiana in the United States, before ret
urning to Japan for hybrid production on the TNGA-K platform.
